

TO WHOM IT MAY CONCERN

The Novametal Group specializes in the manufacture of Stainless Steel, Aluminum and Nickel wires both to client and International specifications.

The Group products are distributed worldwide. Since the opening of the Swiss plant in 1982, Novametal has expanded its manufacturing bases and now has 7 production units worldwide in Switzerland (3), Brazil, France, Mexico and South Africa.

Novametal has ERREDUE gas generators at:

Novametal SA Rancate, Switzerland

N° 4 H₂ generator high purity:

- ✓ n°2 Mod. G13D year 2006
- ✓ n°1 Mod. G24D year 2009
- ✓ n°1 Mod. G24D year 2013
- ✓

TIM Mexico Huamantla, Mexico

N° 3 H₂ generator high purity:

- ✓ n°2 Mod. G24D year 2009
- ✓ n°1 Mod. G24D year 2012

The above mentioned generators have been working satisfactorily to its specified capacity and parameters.

They are subjected to an ordinary maintenance program to avoid any trouble.

Best regards
